

360-X

We took our popular 360 Cam and made a version that has turned out to be our most economical camera yet!

No cheap Sharp camera guts here – this camera has a 1/3” SONY chipset that gives you clear, bright pictures – day and night.

The built-in Infrared LED’s throw out light to almost 50’, and light up the area very well.

This camera can also be used outside if it is mounted under an eave or other semi-protected area.

Item	360-X
Image Sensor	1/3” SONY Super HAD CCD
Sensor area	4.9mmx 3.7mm
Signal system	PAL/NTSC
Effective Pixels	PAL:500(H) x 582(V) NTSC: 510(H) x 492(V)
TV Lines	420
Illumination	0 Lux (IR on)
